Tournament Location

The 54th Annual Aspen RUGGERFEST will be played at Wagner Rugby Stadium and Rio Grande Park. The town centre is relatively small and once in town, everything is within walking distance.

Weather

Aspen weather in September can be variable. Average high is 70 F (21 C) and the average low is 42 F (6 C). Rainfall is low for the month of September but it is not unusual to have sudden but brief afternoon thunderstorms in the mountains.

Registration

Teams need to provide a completed team roster, waivers and signed logistics page to the Tournament Organizers prior to arriving at the tournament (via email to ruggerfest.zg@gmail.com). Individual waiver signatures can be delivered at the time of check-in (prior to the team's first scheduled match).

Age Verification

It is each team's responsibility to check Photo IDs in order to establish the ages of their players. A player may play in the age divisions if he is the required age during the current calendar year. Be sure each team member has proper photo identification with birthdate to verify their eligibility.

Match Schedule

Open Draw will decide the match schedule; all teams are guaranteed three games, (provided there are enough registered teams in the division). Teams are required to be at the pitch, ready for kick-off, 5 minutes prior to published kick-off time. Teams failing to field a team within 3 minutes of the published start time are subject to a penalty try, and after 6 minutes are subject to forfeit loss.

In the event of delay (due to injury, weather, etc.) the Tournament Chairman and Referees Committee have sole discretion on changes to match times and to cancel/reschedule matches when necessary.

Scores

The official scores of each match will be kept by the referee and reported to the appointed Tournament Committee member, to be posted at the tournament HQ and/or other media available.

Aspen Ruggerfest Tournament Rules

Aspen Ruggerfest is, to our knowledge, the World's only all age, full contact Rugby Tournament. We play current World Rugby rules, including contested scrums. If scrums become unsafe for any reason the referee will adopt NON-contested scrums. The referee's decision is final. The referee's watch is the official timepiece of all matches; games will be shortened to keep the schedule on track if so needed. Shortening games is up to the referee's discretion. The referee is charged with notification of a shortened match at the coin toss if deemed necessary. The referee's scorecard is final.

All matches must have a result. If at the end of regular time in a pool match the scores are even, a kicking competition will determine the winner. The referee will choose a goalpost and the team captains will nominate a player to drop kick from anywhere behind the 22m line. Kicking will continue until there is a winner. No player can kick twice until everyone on the team has made an attempt. Once one team has scored and the other has missed, a winner is determined (the winning team will receive three (3) points towards their point total for the match). In any semi-final or final, extra time will be added for one (1) ten (10) minute period. If the score is still tied at the end of the first extra period, additional sudden death ten (10) minute periods will be added with the team scoring first being deemed the winner.

Scoring:

The following number of Match points will be awarded for each pool phase Match:

Win	4 points
Loss	0 points
4 or more tries	1 point
Loss by 7 points or less	1 point

At the completion of the pool phase, the Teams are ranked based on their win/loss record. If at the completion of the pool phase two or more Teams are level on their win/loss record, then the following criteria shall be used in the following order until one of the Teams can be determined as the higher ranked:

- The winner of the Match in which the two tied Teams have played each other shall be the higher ranked;
- The Team with higher number of Match points shall be the higher ranked;
- The Team which has the best difference between points scored for and points scored against in all its pool Matches shall be the higher ranked;
- The Team which has the best difference between tries scored for and tries scored against in all its pool Matches shall be the higher ranked;
- The Team which has scored most points in all its pool Matches shall be the higher ranked;
- The Team which has scored most tries in all its pool Matches shall be the higher ranked;
